

Important changes to Wrap Essentials

This notification dated 19 May 2014 provides information on changes that will be made to Wrap Essentials and the Investor Short Guide ('Guide').

Wrap Essentials will not be available to new investors after 30 May 2014.

As you are an existing investor, the closure will not impact your Wrap Essentials account. You will continue to have access to all features, functionality and investments.

Any material changes to your account after 30 May 2014 will be communicated to you online, via your adviser, by email or by mail.

Please review all changes carefully as these may affect your Wrap Essentials account, if you have any questions, call Wrap Customer Relations on 1300 657 010 or discuss them with your financial adviser.

1. Portfolio Service facility

From 1 July 2014, a new Portfolio Service facility will be introduced to help keep your portfolio aligned to your investment strategy. It allows your adviser and/or the distributor defined in the Guide to perform transactions to rebalance your investments as per the investment strategy you agreed with your adviser. This facility enables all or part of your Wrap Essentials account to remain tailored to your investment needs.

2. Changes to rebates, fees and costs

Expense recovery

The Administrator has discretion in deciding whether to pass on to investors all or a portion of the actual expenses properly incurred in each financial year by the Administrator in operating your fund. The Administrator intends to exercise its right to recover expenses in respect of your Wrap Essentials account. These expenses include complying with legislative standards and those in relation to the significant program of work undertaken to ensure Wrap Essentials is compliant with recent regulatory reforms such as the Future of Financial Advice ('FOFA').

Any recovery is payable to the Administrator and will not be passed on to the Distributor of your product, your adviser, or your adviser's dealer group. These expense recoveries will be deducted from your Cash Account at the time they are applied. They are estimated to be approximately \$10 per annum per account. The exact amount deducted from your account will be confirmed in your Annual Statement.

Cash Account disclosure

The current Cash Account fee disclosure is amended to better reflect the current monitoring process in respect of the rate paid on your Cash Account, which ensures that the rate of interest declared by the Administrator will not be lower than the average of the four major Australian banks for comparable cash transaction accounts (if available) with balances of \$10,000¹. Further, the disclosure in respect of your Cash Account is also amended to reflect that your Cash Account is not a separate bank account and is part of your investment in Wrap Essentials. Your cash may be pooled and deposited in one or more underlying bank accounts, maintained by the Administrator at Westpac, which may include term deposits, breakable only at Westpac's discretion.

¹ You can contact your adviser or Wrap Customer Relations on 1300 657 010 to confirm the current interest rate declared by the Administrator.

3. Other important information

Implications if you no longer have an adviser

Wrap Essentials is designed to be used by you together with your adviser. For that reason, you will need to have a relationship with the distributor or an authorised adviser to optimise account features and fee structures. If your relationship with your adviser or the distributor ends, and you choose not to appoint a substitute adviser within 30 days, you must notify us by completing the Advice Relationship Opt-out Form. This will assist in managing your account. In some cases, your adviser or the distributor may notify us that they no longer provide advice or other related services to you.

At least 30 days after we either process the Advice Relationship Opt-out Form, or alternatively, notify you that the relevant relationship has ended, the following changes will be made to your account:

- ▶ You will have the ability to place transactions online via investorwrap.com.au
- ▶ You will be able to manage your account directly
- ▶ The name and branding of your account may change (including on any communications which you will receive from us directly). However, other account details will remain the same

To request a policy document, free of charge, that outlines what will happen to investors who no longer have an authorised adviser or a relationship with the Distributor, please call Wrap Customer Relations on 1300 657 010. We may amend this policy from time to time.

What is Wrap Essentials?

Wrap Essentials is a way of managing a diverse range of investments through a single point of access. Instead of having to keep track of all your investments separately, you can have them all located in one place – which can save you time, money and lots of extra paperwork.

Who plays a part in Wrap Essentials?

You

- You make the choices about which investments to include in your Wrap Essentials portfolio in conjunction with your adviser.
- You can monitor the performance of your Wrap Essentials portfolio online and issue instructions through your adviser to make any change to your Wrap Essentials portfolio.

The Administrator

- The Administrator operates and administers Wrap Essentials for you and your adviser, maintaining the underlying systems and working with your adviser to deliver associated services.
- The Administrator acts as custodian of your Wrap Essentials account and holds your cash and managed funds on your behalf.

Your adviser

- We recommend that you speak to your adviser before making any investment decisions.
- Your adviser will help you develop a personalised investment strategy and may advise you about making changes to your portfolio over time.
- Based on your instructions, he or she will direct the Administrator to buy, sell or transfer investments into or out of your portfolio. You may provide your adviser with authority to direct the Administrator without seeking your specific instructions.
- Your adviser will monitor the performance of your investments and may provide you with regular status reports.
- If you cease to have an authorised adviser you may not be able to retain your investment in Wrap Essentials.

Fund managers

- Fund managers are responsible for the investment management and administration of specific managed funds you choose to invest in.

What are the top 5 benefits of using Wrap Essentials?

Ultimately, your adviser does all the hard work of developing your investment strategy and instructing the Administrator to undertake actions for you. Wrap Essentials helps make this job easier and more efficient by providing a central platform from which your adviser is able to monitor your entire investment portfolio. Here we highlight the top 5 benefits to you.

1

A range of investment options and features

Wrap Essentials offers you a single point of access to a range of managed funds. In addition, you can access a suite of comprehensive insurance benefits and options, Capital Protection and other wealth products through Wrap Essentials.

2

Consolidated reporting and 24/7 access to your Wrap Essentials account information

Wrap Essentials combines all of your investment information and presents you with quarterly reports, annual tax statements, PAYG reports, portfolio valuations and cash statements. You can view your portfolio online at any time and, by registering for eStatements, you can receive your regular statements online as soon as they become available.

3

Cost savings

Wrap Essentials allows your adviser to actively monitor your investments and conduct transactions through one technology platform. The savings in administration time may result in less cost for you and allows your adviser to spend more valuable time developing your investment strategy. And with the consolidated annual tax report Wrap Essentials generates, you may see a reduction in your accounting fees.

4

Personal tailoring with a flexible platform

Wrap Essentials makes it easy to construct and monitor a diversified investment portfolio. Features such as the regular deposit plan and rebalancing options allow you to implement a customised investment strategy which you can change over time. You can also access your money if you need it. Wrap Essentials is ideal for a wide range of investors and may provide substantial advantages for self-managed super funds. In addition, Wrap Essentials allows you to monitor and take control of the tax outcomes of your investment strategy.

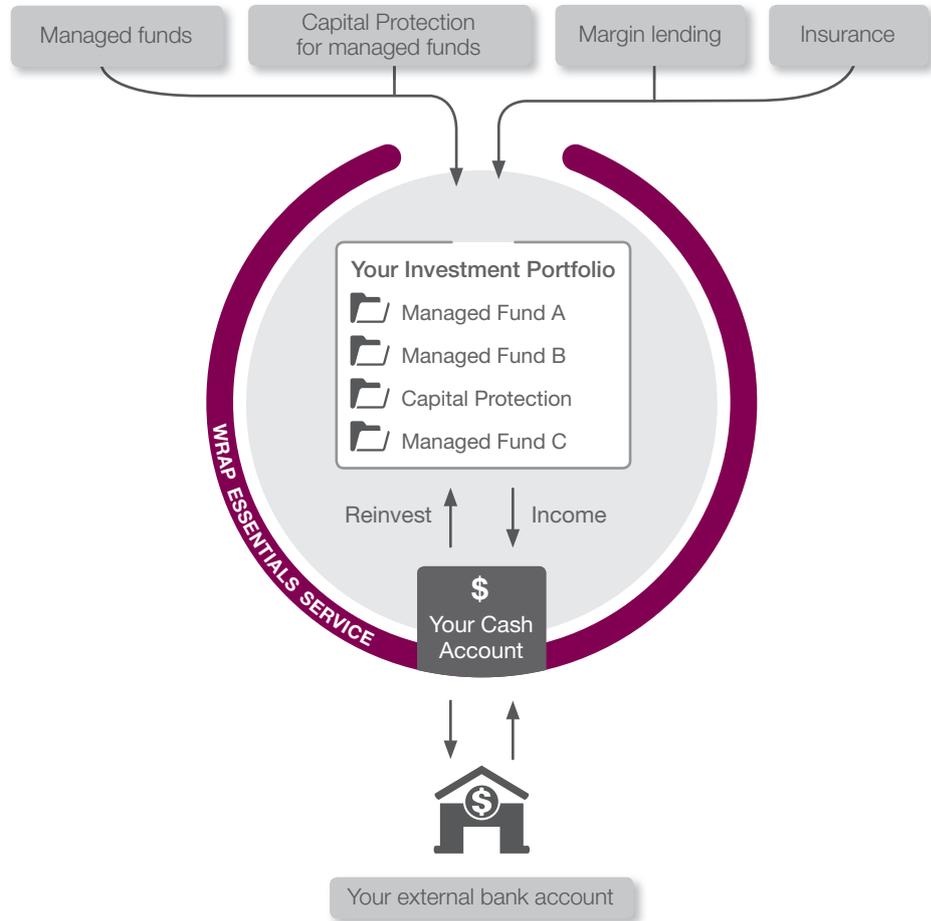

5

Ease in transferring your existing investments onto Wrap Essentials

You can take full advantage of the benefits of a single platform and consolidated reporting by transferring certain managed funds that you hold into your Wrap Essentials portfolio. Depending on your circumstances, you may not realise capital gains or incur stamp duty when transferring. Your adviser can advise which managed funds can be transferred into your portfolio.

What can you do with Wrap Essentials?

1 Invest in a range of premium investment options

Managed funds

Through Wrap Essentials you have access to a range of managed funds, encompassing some of Australia's leading fund managers. Your choice includes:

- diversified funds (eg growth, balanced)
- sector funds (eg Australian and international shares)
- specialist funds.

The accessible managed funds are specified in the Available Managed Funds List, which is available on request from your adviser free of charge.

Capital Protection

Through Wrap Essentials, you can obtain Capital Protection in relation to eligible investments by investing in the BT Capital Protection Fund. The Capital Protection feature aims to protect the value of your investments in eligible managed funds, while still allowing you to benefit from growth when your chosen funds perform well. The protection is applied to your investment for a term of your choice between approximately 5 and 10 years. It is designed to enable you to obtain, at the end of the chosen term, the value of your investment that is at least equal to its value as at the time you commenced the protection (assuming you reinvest all distributions and do not make any withdrawals).

A list of managed funds that are eligible for Capital Protection is available on request from your adviser or via investorwrap.com.au . Ask your adviser how this Capital Protection feature works and read the BT Capital Protection Fund Product Disclosure Statement ('PDS') to determine whether it is suitable for you.

Margin lending

Gearing, via a margin loan, can be a growth strategy that allows you to unlock the value of your Wrap Essentials account. By using the value of your Wrap Essentials investment to borrow money from a margin lender, you will have more money to invest in managed funds, which can potentially increase your returns and diversification.

While margin lending increases the potential return on investments, it is important to recognise that margin lending can also increase your potential losses. Ask your adviser about how margin lending works and read the relevant product disclosure statement to determine whether it is suitable for you.

Insurance

A comprehensive range of insurance benefits to protect you and your family from the financial consequences of illness, injury, medical trauma and death are available through Wrap Essentials. Speak to your adviser about your insurance needs and read the relevant product disclosure statement.

2_Receive consolidated reporting and access your Wrap Essentials account information 24/7

Reporting

You and your adviser will receive quarterly and annual consolidated reporting summarising your Wrap Essentials account activity, as well as a consolidated tax report soon after the end of the financial year.

Your quarterly and annual statement information can be provided to your accountant in electronic form making it easier and more efficient for your accountant to access and use the information.

Online platform

Information on your Wrap Essentials account is also available 24 hours a day, 7 days a week by visiting investorwrap.com.au . You can view your account balance, investment holdings and transactions.

eStatements

All statements, as well as additional guides and inserts, are available in the one convenient location online at investorwrap.com.au .

You can elect to receive eStatements when completing your Investor Registration Form, by notifying your adviser, or by registering online via investorwrap.com.au . If you have registered to receive eStatements, there's no need to wait for statements to arrive in the mail. Instead you can access them as soon as they are available online.

3_Manage your account easily and efficiently

Use the Cash Account for all Wrap Essentials transactions

When you join Wrap Essentials, a Cash Account is automatically established for you and acts as the main transaction account inside Wrap Essentials. The Cash Account is used to settle your managed fund transactions. Interest will accrue daily on your money held in the Cash Account, and will be credited to your balance quarterly in arrears so your money is working for you even between investments. Interest on the Cash Account is calculated at a variable rate determined by the Administrator.

Transfer funds between your Cash Account and a nominated external bank account

Your Cash Account can be linked to an external bank account (or credit union account) for easy transfer of funds into and out of Wrap Essentials. You may authorise your adviser to transfer funds between your Cash Account and your linked bank account at any time. Deposits can also be made via BPAY^{®1} and you can get access to a cheque and deposit book facility.

Set up regular transaction plans

→ Regular investment plan

You can make regular investments into managed funds from your Cash Account, and spread your purchase over a number of periods, which may help reduce the impact of market volatility on your Wrap Essentials account.

→ Regular deposit plan and regular withdrawal plan

These two plans allow you to deposit funds regularly from your nominated external bank account into your Cash Account and to transfer funds regularly from your Cash Account to your nominated external bank account respectively.

¹ Registered to BPAY Pty Limited ABN 69 079 137 518. Applications by BPAY will generally not be processed until the next business day following the BPAY transaction

request, provided that the request is made before your bank's cut-off time. Your bank can provide detailed terms and conditions in relation to BPAY to you.

What can you do with Wrap Essentials?

Access to your funds

You can access your funds through a one-off withdrawal, as you require, with funds generally available within 24–48 hours.

Give us instructions relating to your portfolio

You can give us instructions relating to your portfolio through your adviser. For example this includes all instructions to buy, sell or switch between investments. You can also appoint a representative to give us directions on your behalf without first seeking your instructions.

4_Personally tailor your portfolio with a flexible platform

Change the mix of your investment portfolio

Through your adviser, you can switch between investments or add new investments to your portfolio.

Reinvest your distributions

You instruct the Administrator to reinvest your distributions from all of your managed funds (where permitted by the managed fund). You can vary this instruction by notifying the Administrator in which case distributions will be deposited into your Cash Account.

Please note that at the time your income is reinvested you may not have received the current disclosure document for that fund however you can request a copy from the fund manager or your adviser.

Keep your investments aligned to your strategy

The Preferred Portfolio is a facility in Wrap Essentials that allows you and your adviser to establish and maintain a pre-determined investment strategy for managed funds through regular rebalancing of your portfolio back to your desired settings. This facility enables all or part of your Wrap Essentials account to remain tailored to your investment needs. See the Additional Information and Terms Booklet for more information on Preferred Portfolios.

Monitor and control your tax outcomes

You and your adviser can view the tax consequences of investment decisions and adapt the appropriate tax method for your Wrap Essentials account depending on your overall circumstances. Speak to your adviser to find out how you can optimise your tax position.

Take advantage of Wrap Essentials with your self-managed super funds (SMSFs)

SMSFs benefit from the control and simplified administration that consolidated reporting provides. In particular, you may benefit from reduced accounting costs because of the reduced time and effort required to collect relevant information about your investments for tax and other purposes.

5_Easily transfer existing investments into your Wrap Essentials account

If you have existing managed fund investments, you may be able to take full advantage of the benefits of a single platform and consolidated reporting by transferring certain managed fund investments into your Wrap Essentials account (your adviser can tell you if your managed funds can be transferred).

You may not realise any capital gains or incur stamp duty when you transfer (although some nominal duty may apply). You should seek professional advice on the taxation and stamp duty implications of transferring investments into Wrap Essentials.

How is investing through Wrap Essentials different from investing directly?

Investing through Wrap Essentials

1_ Consolidated reporting

You will receive comprehensive consolidated reporting on your Wrap Essentials account.

2_ Beneficial ownership of your managed funds

You retain beneficial ownership of units you hold in managed funds. The Administrator is the legal owner of these units and keeps a record of these units held on your behalf.

3_ No cooling-off rights

The Administrator is a wholesale investor and so may not become entitled to any cooling-off rights when investing in units in managed funds on your behalf. As the beneficial owner of the units, you will generally not be entitled to any cooling-off rights.

4_ No communications from product issuers

Because the Administrator holds the managed fund units on your behalf, you will not normally receive communications, such as annual or other reports, notices of meetings, or notification of changes in investment policies and fees, from the product issuers. You can obtain this information by providing the Administrator with instructions specifying the information you require.¹

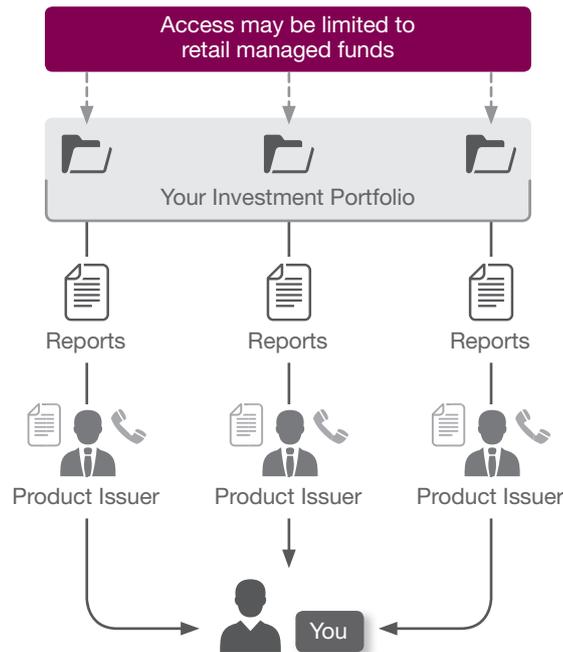

5_ Limited voting rights

From time to time there may be proposals by managed funds that involve the exercise of voting rights. The Administrator is not required to exercise voting rights in relation to the managed funds units it holds for you. Where a proposal involves voting rights, the Administrator may notify your adviser and seek instructions. The Administrator will act on your instructions if they are received by the deadline.

¹ If you do instruct the Administrator to provide this information, the Administrator reserves the right to charge a minimum of \$10 for each

item requested. This charge would be deducted from your Cash Account.

Investing directly

1_ Reporting is not consolidated

Your reporting is on a fund-by-fund basis.

2_ Direct ownership of your retail managed funds

You are the legal and beneficial owner of your retail managed funds and acquire all rights attaching to ownership.

3_ Cooling-off rights

If you are a retail client you may be entitled to a 14 day cooling-off period with respect to your retail managed funds. If you exercise your right within the cooling-off period, you can have your application money returned (subject to some adjustments).

4_ Regular communications from product issuers

You will receive regular communications from product issuers including annual reports, notices of meetings and notification of any changes.

5_ Voting rights

As you are the legal and beneficial owner, you are free to participate in any actions requiring voting that affect your investment.

What are the fees and other costs?

As small differences in both investment performance and fees and costs can have a substantial impact on your long term returns, it is important that you understand that the total fees you pay include both the costs of Wrap Essentials itself and the costs associated with the investments you make on Wrap Essentials eg transaction fees and managed fund costs. The costs for each investment will usually be shown in the disclosure documents for that investment.

All fees that you pay to your adviser or the Administrator (except for the Cash Account fee) are deducted from your Cash Account.

Third party payments

The Administrator and other members of the Westpac Group receive payments from third parties in connection with Wrap Essentials. Further information relating to these payments is set out in the Additional Information and Terms Booklet.

Additional information

The Administrator can change the amount of fees or introduce new fees, however you will be given 30 days notice. You should read the Additional Information and Terms Booklet.

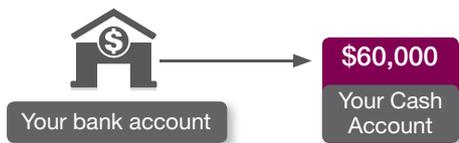

How do fees work?

Below is a hypothetical example of what fees you might incur over a two-year period. Please note that these fees are only representative. The fees will vary depending on the type and value of your investments held in Wrap Essentials, how often you transact and the fees agreed between you and your adviser. Your adviser can show you an estimate of the cost to administer your Wrap Essentials account.

Making the initial contribution

1_ Transfer \$60,000 into your Cash Account

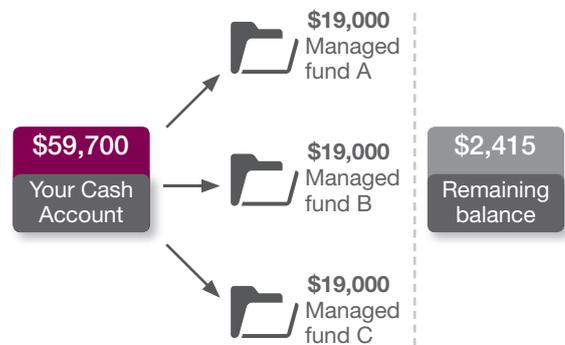

Once your adviser sets up your Wrap Essentials account, you transfer \$60,000 from your external bank account into your Cash Account. This is normally called an 'initial contribution'. After deduction of the contribution fee, \$59,700 remains.

Moving your money into Wrap Essentials

	Activity	Calculation	Fee amount
	Establishment fee	Nil	\$0
	Contribution fee — 0.5%	$\$60,000 \times 0.5\%$	\$300 (Applicable in Year 1 only)

Making investment choices

2_ Invest in 3 managed fund holdings of \$19,000 each

Your adviser establishes your Wrap Essentials investment portfolio by helping you invest in 3 managed fund holdings of \$19,000 each. After deduction of the managed fund transaction fee, the remaining balance in the Cash Account is \$2,415.

Investing in managed funds

	Activity	Calculation	Fee amount
	Managed fund transaction fee — 0.5%	$(3 \times \$19,000) \times 0.5\%$	\$285 (Applicable in Year 1 only)
	Investment manager fee ¹ (Assumed fee measure) — 1.9%	$(3 \times \$19,000) \times 1.9\%$	\$1,083 pa
	Investment switching fee	Nil	\$0

¹ The investment manager fee is included in the unit price and is not deducted from the Cash Account.

Managing your Wrap Essentials account¹

3_Make no further transactions in Year 1 and 2

Total Fees

Year 1 \$1,938 = 3.23% of your account balance
Year 2 \$1,353 = 2.26% of your account balance

You make no further transactions on your Wrap Essentials account in the first and second years, and the value of your Wrap Essentials portfolio and Cash Account remains unchanged.

Managing your account and portfolio

	Activity	Calculation	Fee amount
	Ongoing advice fee	$\$60,000 \times 0.4\%$	\$240 pa
	Cash Account fee (Assumed average is 1% pa)	$\$3,000 \times 1\%$	\$30 pa

¹ For the purpose of this example, it is assumed that the average account balance in both Year 1 and 2 remains at \$60,000 and the Cash Account

balance remains at \$3,000. This example assumes that no other transactions are made throughout the first year of investment and does not

include any applicable buy/sell spread charges, Government or bank fees.

Risks

What are the risks?

Wrap Essentials offers a wide range of investment options to meet different risk and return expectations. You must first take into account the risks of various investments and any operational risk associated with Wrap Essentials to assess whether the potential returns justify those risks. Your adviser will be able to help you assess your risk tolerance and ensure your investment objectives and goals are considered.

There are a range of factors beyond the control of investors that may affect investment returns, such as:

Market risk

Markets are affected by a host of factors including economic and regulatory conditions, market sentiment, political events and environmental and technology issues. These could have a negative impact on returns of all investments in that market. This may affect investments differently at various times.

Currency risk

If an investment is held in international assets, a rise in the Australian dollar relative to the other currencies may negatively impact investment value or returns.

Interest rate risk

Changes in interest rates can have a negative impact either directly or indirectly on investment value or returns of all types of assets.

Security specific risk

An investment in a managed fund may be affected by unexpected changes in the operations of that managed fund (due to quality of management, use of technology, etc) or its business environment or by unexpected changes to the operations or business environment of the managed funds or companies in which it invests. If you decide to apply Capital Protection to your investment in managed funds, you will be exposed to additional risk, such as credit risk, transaction execution risk and operational risk. Please see the BT Capital Protection Fund PDS for more details.

Gearing risk

If you borrow to invest through Wrap Essentials, this will magnify the effect of gains and losses on your investment portfolio. You should discuss this risk with your adviser.

Taxation risk

You should also be aware that any investment decision you make will have tax consequences and may also have social security and stamp duty consequences. The impact depends on your individual circumstances, and you are responsible for all such consequences when dealing with your assets.

Generally, each financial year you are liable to pay tax on any capital gains arising upon disposal of your investments, interest, distributions, dividends or other income from your investments (even if reinvested). You may be entitled to some rebates or tax credits. You should seek appropriate advice before you transact in any assets using Wrap Essentials.

Operational risk

Wrap Essentials depends on the integrity of its administration and computer systems. However, there is a risk that these systems may not be available in certain circumstances. The Administrator takes risk management and security seriously, and it has procedures in place that are designed to reduce the risk of systems not working effectively and to respond promptly and effectively should problems arise. However, you should be aware that not all of these risks can be foreseen.

How you can give us instructions

You are able to give us instructions relating to your portfolio, for example to buy, sell, switch and periodically rebalance your investments and how to deal with distributions from your investments. You agree to give all instructions to us only through:

- your adviser or
- your representative

Your adviser can place your instructions to the Administrator online. You can nominate or change your adviser or representative by writing to us. They are your agent and we will rely on their instructions as if those instructions were given by you. Your representative is not required to obtain your instructions prior to giving instructions on your behalf. However there are some restrictions on what your representative can do (see the Additional Information and Terms Booklet).

In exceptional circumstances (such as where we are not reasonably satisfied that you have received all required documents), we are not required to act on your instructions. When you apply, you also give us standing instructions to act on your behalf and deal with your investments in certain circumstances without obtaining further instructions from you or your agents. These circumstances are set out in the terms and conditions in the Additional Information and Terms Booklet.

What are the next steps?

Here's what you need to do to complete your application:

If you still have questions after reading this Investor Short Guide and the Additional Information and Terms Booklet, ask your adviser for more information.

2

Finalise your application with your adviser

Your adviser can help you complete the application form and lodge it on your behalf. By signing the application form and the Administrator accepting your application, you enter into a contract with the Administrator. The terms of that contract are set out in:

- the Nominee Deed for Wrap Essentials (this document is available from the Administrator free of charge)
- the application form itself, and
- the terms and conditions set out in the Additional Information and Terms Booklet.

Depending on the options you choose, you may also sign a direct debit request service agreement as part of the application process.

3

Receive a Welcome Pack from the Wrap Essentials Administrator

Once your application is accepted and processed, your adviser may provide you with a Welcome Pack containing information about how to access your Wrap Essentials account. You will also receive a PIN and password to securely access your account.

You can also work with your adviser to shift money from one investment to another, move out of a particular investment or add a new investment to ensure you still have a well-balanced portfolio.

5

Review your overall strategy in light of any changing needs or life circumstances

As your life circumstances change or events arise, you should work with your adviser to review your overall investment strategy to make sure it remains appropriate to your financial objectives, situation and needs.
