2 how super works

Super is a means of saving for your retirement that is, in part, compulsory. To encourage you to save for your retirement, the Federal Government provides a range of incentives for savings in super. This means super is taxed differently to other investments and there can be significant tax advantages with using super to save for your retirement (see page 10 for more about how super is taxed).

Most people have the right to choose which superannuation fund their employer should pay their superannuation guarantee contributions to.

The contributions available to a member include:

- employer contributions
- voluntary before-tax contributions government co-contributions. (salary sacrifice)
- voluntary after-tax contributions

There are some limitations on contributions to super, such as caps on the amount you can contribute, limits on the age at which you can continue to make contributions, and whether your account balance may impact on your ability to make some types of contributions in the future.

You should read the important information about how super works before making a decision. Go to **hesta.com.au/pds** and read *How super works*. The material relating to how super works may change between the time when you read this Statement and when you acquire the product.

Annual statements, significant event notices and other legislated disclosures will be available to you digitally rather than sending them to your nominated contact address. This means we may publish the notification on our website or other digital facilities. We'll still contact you at your nominated contact details whenever we do this to let you know how to access the information available.

If you'd prefer us to send information to your nominated contact address, you can opt out of digital disclosure by calling us on 1800 813 327.

Investment of the money in your super account is based on the investment strategy of your choice, or the default option if you have not made a choice (see pages 6-7).

Withdrawal of money from super is generally used for retirement and may be taken either as a lump-sum or as an income stream. You can only withdraw vour super in limited circumstances before reaching your preservation age. Your preservation age depends on when you were born and is shown in the table to the right.

Date of birth	Preservation age
Before 01/07/60	55
01/07/60 - 30/06/61	56

4 risks of super

Super allows you to save for your retirement in a low-cost, tax-effective way. However, it's important to note that the amount of your super benefit at retirement may not meet your expectations due to the impact of risk factors.

Investment risk

All investments carry risk. Different investment options may carry different levels of risk, depending on the assets that make up the option. Investments with the highest targeted long term returns may also carry the highest level of short term risk. It is important to understand:

- the value of investments will vary
- the level of returns will vary and future returns may differ from past returns
- returns are not guaranteed and you may lose some of your money.

Other risks

Superannuation is savings for your retirement. You should also be aware of the risk that:

- superannuation and tax laws may change in the future
- the amount of your super benefit at retirement (including contributions and returns) may not be enough to provide adequately for your retirement.

Risk and you

How these risks may affect you will vary depending on a range of factors including:

- your age
- your investment timeframe
- where other parts of your wealth are invested
- your risk tolerance.

You should read the important information about risks of super before making a decision. Go to **hesta.com.au/pds** and read *Risks of super*. The material relating to risks of super may change between the time when you read this Statement and when you acquire the product.

You can switch investment options weekly by using your online account. Go to **hesta.com.au/login** There is no fee to switch investment options. For more information about investment options with HESTA, go to **hesta.com.au/pds** and read *Investment choices*. We strongly recommend you seek financial advice before changing your investment choice.

Changes we make to investment options

Investment options may change at any time in accordance with the HESTA investment strategy.

Responsible investment

Environmental, social and governance factors are considered when selecting, retaining, or realising Australian shares, international shares, property and global debt in the Eco Pool option. Investment managers are expected to consider these criteria when making all investment decisions.

You should read the important information that includes more detail about how we invest your money before making a decision. Go to hesta.com.au/pds and read *Investment* choices. The material relating to the detail about how we invest your money may change between the time when you read this Statement and when you acquire the product.

MySuper

MySuper is a superannuation initiative by the Australian Government requiring default super products to meet certain prescribed conditions. Members who do not make a choice where to invest their money or actively choose to invest all their money in Core Pool are MySuper members. All other members are not MySuper members.

Default option: Core Pool (MySuper-authorised)

Core Pool is designed to provide a diversified portfolio across a range of assets with a balanced-growth approach (reflecting the long term nature of super). Below are the strategic asset allocation and investment return objectives for Core Pool.

For details of all investment options, read *Investment* choices at **hesta.com.au/pds**

You should read the important information that includes details of all investment options, including the risk levels of each investment option before making a decision. 6 fees and costs

Did you know?

Small differences in both investment performance, and fees and costs can have a substantial impact on your long term returns. For example, total annual fees and costs of 2% of your account balance, rather than 1%, could reduce your final return by up to 20% over a 30-year period (for example, reduce it from \$100,000 to \$80,000). You should consider whether features such as superior investment performance or the provision of better member services justify higher fees and costs. You or your employer, as applicable, may be able to negotiate to pay lower fees. Ask the fund or your financial adviser.

To find out more

If you would like to find out more, or see the impact of fees based on your own circumstances, the Australian Securities and Investments Commission (ASIC) website **moneysmart.gov.au** has a superannuation calculator to help you check out different fee options.

Fee table - Core Pool

The information in this fee table shows the fees and costs relating to the Core Pool and can be used to compare costs between different superannuation products. Fees and costs may be paid directly from your account or deducted from investment returns.

Type of fee Amount		How and when paid		
Investment fee ¹	0.69% p.a.	Deducted from investments before earnings are applied		
\$1.25 per week, plus Administration fee ¹ \$0.08% p.a. (subject to a fee cap)*		Deducted from your account at the end of each month and when you close your account		
Buy-sell spread	\$0	N/A		
Switching fee	\$0	N/A		
Advice fees relating to all members investing in Core Pool	\$0	N/A		
Other fees and costs ²	See Fees and costs at	hesta.com.au/pds for more information		
Indirect cost ratio ¹	0.13%	Deducted from investments before earnings are applied		

¹ If your account balance for a product offered by HESTA is less than \$6,000 at the end of the HESTA income year, the total combined amount of administration fees, investment fees and indirect costs charged to you is capped at 3% of the account balance. Any amount charged in excess of that cap must be refunded.

² See 'Additional explanation of fees and costs' in Fees and costs at hesta.com.au/pds for information about activity fees, insurance fees and advice fees for personal advice.

^{*}The percentage-based Administration fee is not charged on any amount of your account balance in excess of \$350,000.

Explanation of terms

For an explanation of the terms used in this section, see *Fees and costs* at **hesta.com.au/pds**

Example of annual fees and costs

This table gives an example of how the fees and costs for the Core Pool can affect your super investment over a one-year period. You should use this table to compare this superannuation product with other superannuation products.

		BALANCE of \$50,000
EXAMPLE - Core Poo (default option)	ol.	
Investment fees	0.69%	For every \$50,000 you have in Core Pool you will be charged \$345 each year
PLUS Administration fees	\$65 (\$1.25 per week) + \$40 (0.08% of your account balance)	And , you will be charged \$105 in administration fees
PLUS Indirect costs for the superannuation product	0.13%	And, Indirect costs of \$65 each year will be deducted from your investment
EQUALS Cost of product		If your balance was \$50,000, then for that year you will be charged fees of \$515 for Core Pool.*

^{*}Additional fees may apply.

Use the Superannuation calculator on the ASIC MoneySmart website to show the effect of fees and costs on your account balance. Go to **moneysmart.gov.au**

Additional explanation of fees and costs

Administration fees deducted from your account are allocated to the Fund's Development Reserve. The fund pays its administration costs from this Development Reserve. We reserve the right to change fees and costs at any time without members' consent. We will notify you 30 days in advance of fee changes.

Investment fees and ICRs are indicative only and are based on investment costs for the year ended 30 June 2019, including several components which are estimates only. The actual amount you will be charged in subsequent financial years will depend on the actual costs incurred in those years. Past costs may not necessarily be an indicator of future costs.

HESTA members have access to the HESTA Education and Advice service. By agreement, a fee may be paid from your account for advice services. The amount of the fee will vary depending on the nature of the advice, and will be disclosed in the Statement of Advice provided to you. You should read the important information about fees and costs for all investment options before making a decision. Go to hesta.com.au/pds and read Fees and costs. The material relating to fees and costs for all investment options may change between the time when you read this Statement and when you acquire the product.

7 how super is taxed

Generally there are three times when your super may be subject to tax.

- Contributions into your super that are made before tax is taken out of your pay (such as employer contributions and salary sacrifice) are generally taxed at 15%. The tax is deducted from your account. The tax may be different if you are a low or very high income earner.
 - Contributions into your super that are made from your after-tax savings are not taxed. You may be able to claim a tax deduction on personal contributions made to HESTA. These contributions will be taxed at 15%. Eligible members claiming a tax deduction for personal contributions must lodge an Australian Taxation Office (ATO) Notice of intent to claim or vary a deduction for personal super contributions form (NAT 71121) with us by the date they lodge their tax return, the end of the financial year after the contribution was made, or before they withdraw their super from HESTA (whichever date is earlier).

For more information and to download the form, visit **ato.gov.au/super**

- 2. Investment earnings are generally taxed at 15%. In certain circumstances the rate of tax may be lower, such as concessional capital gains or where dividends are franked. The tax is deducted from investment earnings before unit prices are declared.
- 3. Withdrawals from your account may be taxed if you are less than 60 years old. Tax will be withheld at the time of payment. Generally, no tax will apply to withdrawals once you turn 60.

- There is a cap on the amount of contributions that can be made to your account at these tax rates. There will be tax consequences if you exceed the contribution caps. See How super is taxed at hesta.com.au/pds for details.
- You should provide your tax file number (TFN) when you join HESTA. If you don't provide your TFN, you may pay extra tax on your contributions and you may not be able to make some types of contributions. Not providing your TFN will also make it more difficult to trace different super accounts in your name and you may miss out on some of your super benefits when you retire. You can provide us with your TFN on the New HESTA member application form or online at hesta.com.au/tfn

You should read the important information about how super is taxed before making a decision. Go to hesta.com.au/pds and read How super is taxed. The material relating to how super is taxed may change between the time when you read this Statement and when you acquire the product.

8 insurance in your super

This section provides a summary of insurance available through your super. Insurance cover is subject to payment of insurance fees. HESTA gives you access to three different types of insurance cover, Death, Income Protection (IP), and optional Lump-sum Total and Permanent Disablement Cover. Each type of cover is provided in 'units', with each unit providing an amount of cover for a weekly insurance fee deducted from your HESTA Personal Super account. You can increase your cover, or vary your cover at any time, subject to the approval of the insurer by applying online at **hesta.com.au/login**

Gross and net insurance fees

We are legally required to show the gross insurance fee. Generally members actually pay the net insurance fee, which is up to 15% less than the gross fee. This is because HESTA is able to claim a tax deduction for the cost of providing insurance, which we pass on to members, resulting in a lower net insurance fee. All fees shown below are for the standard occupational insurance fee scale.

Occupational insurance fee scale

Members are provided with cover at the standard occupational fee scale when they join HESTA. Members who can satisfy certain occupational criteria can apply for management cover which has a lower insurance fee better reflecting their occupational duties. Eligibility for cover

You are eligible for:

- IP Cover if you are at least age 15 but less than age 67
- Death Cover if you are at least age 15 and less than age 75
- Lump-sum TPD Cover if you are at least age 15 but less than age 70

Standard cover

All new members who are eligible for cover receive standard cover automatically on the day the first contribution or rollover is received for them if they are At Work* on that day. If you are not At Work* on that day, your cover will start on the day you are next At Work* provided you are still eligible.

Exclusions

You will not be covered for illnesses and injuries as a result of certain events.

The information about eligibility and exclusions may affect your entitlement to insurance cover. You should read *Insurance options* before deciding if the insurance cover is appropriate for you.

*For an explanation of the At Work requirement see *Insurance options*.

Inactivity

If you do not receive a contribution or rollover for 16 months you will be considered 'inactive' and any insurance cover you have will cease. You can elect to maintain your insurance in the Preferences section of your online account. For further information on insurance and inactivity see *Insurance options*.

You should read the important information about eligibility and exclusions before making a decision. Go to **hesta.com.au/pds** and read *Insurance options*. The material relating to eligibility and exclusions may change between the time when you read this Statement and when you acquire the product.

9 how to open an account

To open a HESTA Personal Super account, complete the *New HESTA Personal Super member application* in this PDS. Once we have received your application, your membership with HESTA will begin on the date an amount is received on your behalf.

You can choose your investment options and the insurance cover you want on the application form. You should read this PDS carefully before making any choices.

Cooling off

HESTA Personal Super applicants/members have a cooling-off period in which to decide if HESTA Personal Super is right for them. The 14-day cooling-off period commences on the end of the fifth day after membership begins.

During this cooling-off period you can cancel your membership by writing to, or emailing us. You won't have to pay any fees or costs, but your payment amount may be adjusted for any increase or decrease in investment value, the cost of insurance and any tax paid. In other circumstances, where payments are returned because they cannot be allocated to an account, no earnings are applied.

If your initial payment was a preserved or restricted non-preserved sum, it can't be refunded to you, but must be transferred to another complying super fund of your choice.

Complaints

If at any time after opening your HESTA Personal Super account you are not satisfied, you may make a complaint by contacting us. Refer to page 16 for our contact details.

You should read the important information about how to make a complaint before making a decision. Go to **hesta.com.au/pds** and read *How to make a complaint*. The material relating to how to make a complaint may change between the time when you read this Statement and when you acquire the product.

Important information

To provide more certainty about who receives your benefit when you die, you can make a nomination which binds the Trustee of HESTA to pay the person(s) you direct (providing you are still a member of the Fund when you die).

The person(s) you nominate must be any one or more of the following:

- your current spouse (including another person, whether of the same sex, or a different sex with whom you are in a relationship that is registered under a law of a state or territory, or, a person who, although not legally married to you, lives with you on a genuine domestic basis in a relationship as a couple)
- your children (including step, adopted, ex-nuptial, a child of your spouse or someone who is your child within the meaning of the Family Law Act (1975)
- · any person(s) financially dependent or interdependent on you
- your legal personal representative, which means the executor or administrator of your estate.

Tax and death benefits

The definition of a dependant under tax law differs from the definition under superannuation law. Under tax law, children aged 18 and over are not classed as tax-dependants and therefore benefits may be subject to tax. Similarly, taxes may be applied where you have nominated your legal personal representative.

If a nominated beneficiary is not alive or no longer dependent and within one of these categories at the time of your death, the Trustee will determine distribution of the benefit.

You should consider the options available for binding nominations carefully. Read the *How super works* which forms part of the Product Disclosure Statement available at **hesta.com.au/pds**

At the time of a claim, a beneficiary may be entitled to choose to receive the income stream as a lump-sum payment or opt to continue the income stream if eligible. We recommend seeking financial advice as the tax treatment of benefits will depend on their personal circumstances.

How long is the nomination valid?

A binding nomination is valid for three years from the date it was signed. It is important to keep your nomination up to date to ensure your wishes are met.

You can renew, change or cancel your nomination at any time. If your nomination is valid, we must follow it no matter how your circumstances have changed. For example, if you nominate your husband or wife and you later separate, but have not yet obtained a divorce, your nomination remains valid and binds us unless you vary or cancel it, or it expires. You will be advised of your nomination each time we send your Member Annual Statement, and you will be provided with the opportunity to update it.

Your dependants have the right to complain about a decision made by the Trustee. Visit **hesta.com.au/complaints** to learn more about disputing the Trustee's decision.

What is a valid nomination?

To make a nomination valid, your nomination must:

- be made in writing on this form
- clearly set out the proportion of the benefit to be paid in full percentages (total must add up to 100%)
- be signed and dated by you in the presence of two witnesses over the age of 18 who are not nominated beneficiaries on the form
- be signed and dated on the same date by the two witnesses in your presence at the same time you make your declaration
- · be sent to us (a nomination will not be valid until we receive it).

Making and updating a binding nomination

To renew, change or make a new nomination you must tick the relevant box at the start of this form and write your chosen beneficiaries' details in Section 2. The 'percentage of benefit' column must total 100%. The form must be signed by you, dated and witnessed by two people who are not beneficiaries. Once accepted, this nomination will replace any existing nomination.

3 Member declaration

I understand and declare:

- my beneficiary(ies) must be my spouse, child, financial dependent and/or interdependent, or a legal personal representative of my estate at the time of my death
- I have read the information on this form that sets out the terms upon which this nomination is made and I will be bound by the provisions of the HESTA Trust Deed relating to binding death benefit nominations
- a binding nomination is only valid for three years from the date it is signed, confirmed or amended
- I may at any time cancel or change a binding nomination notice by submitting a new binding death benefit nomination
- if a binding nomination is invalid or has not been received by the Trustee of HESTA before I die, the death benefit will be determined by the Trustee of HESTA at its discretion
- this declaration must be signed by me in the presence of two witnesses over the age of 18, who are not beneficiaries on this form
- this nomination applies to all my investments within the HESTA account nominated on this form.
- I have read and understood the HESTA Privacy Collection Statement and consent to the trustee of HESTA collecting, using and disclosing my personal information.

Please ensure TWO witnesses sign this form **at the same time on the same date** as you sign this (in your presence), then post to: **HESTA, Locked Bag 5136, Parramatta NSW 2124**

Cancelling a binding nomination

If you want to cancel a current binding nomination and not replace it, you must tick the relevant box at the beginning of the form. Please note the form must still be signed, dated and witnessed to cancel a previous nomination.

We will confirm your new or cancelled nomination in writing. We will also contact you and seek instructions before the expiry of an existing nomination.

Default option

If, at the time of your death:

- · you have not made a binding death nomination, or
- your nomination has been cancelled, or
- your nomination is wholly invalid (for example, it is not correctly signed or
 witnessed, it is more than three years old and has not been renewed, or if all
 of the people nominated die before you or no longer fall within one of the
 permitted categories).

The Trustee of HESTA will use its discretion to determine how your benefit should be paid.

If at the time of your death your nomination is partially valid, for example, a person nominated is no longer a dependant but another person on the nomination is, the Trustee will use its discretion to determine how your benefit should be paid for the invalid part. Valid nominations will be paid in accordance with the nomination.

6 Insurance

Important: Before you begin completing this section, read 'Your duty of disclosure' and the declaration in Part 9 on page 4. By signing this form, you will be authorising any medical practitioner you have ever consulted or whom you may consult in the future to provide your medical details to HESTA's Trustee, HESTA's insurer or to a court or legal tribunal.

New HESTA Personal Super members receive (subject to the policy conditions) standard Income Protection (IP) and Death Cover, restricted to 'New Events Cover' only unless you are under age 55 and you can satisfactorily complete Part B of the Short Personal Health Statement on this page. If you are over age 55 you will need to complete the *Insurance cover application* form in *Insurance options*. See 'Insurance in your super' on pages 11-14 of the HESTA Personal Super PDS for conditions, costs and benefits.

You are applying to enter into a contract of insurance.

As such, you have a duty to disclose all relevant information. Failing to provide the insurer with full and accurate information could result in your insurance cover being cancelled and any claim for benefits could be denied, so it is vital you answer all questions fully and accurately.

Although we ask you specific questions via a personal statement, you should also tell us about any other information that will impact on the insurer's decision to offer you insurance cover, regardless of whether you deem it to be material or important. This includes current medical issues that require investigation, medication or treatment, even if a diagnosis has not been made.

This obligation applies to all insurance cover relating to this application, including amounts transferred from another fund or insurance arrangement. This means you could be placed in a position where you have no insurance cover if we later find you have not answered all questions fully and accurately.

Your duty of disclosure continues until you receive written confirmation your application has been accepted. You must contact the insurer if there is any change in your health or circumstances that are relevant to the insurer's decision on your application.

The full duty of disclosure is contained within this document and it is important you read it carefully.

Having read the above, I declare the information I am about to provide is honest, true and complete.

8 Nominating who your benefit goes to

If you die before you retire, the HESTA Trustee will determine who gets your super benefits, including proceeds from any insurance policy. The Trustee has the final decision as to whom benefits are paid but will consider the people nominated by you. See page 4 of this form for details on who you may nominate as your dependant(s).

Providing this information is optional but it helps us to make a decision in accordance with the Trust Deed. You can split your nomination between different people. If you would like your HESTA super benefit divided between more than three people, please provide their details on another signed piece of paper.

You can add, delete or change these details by contacting HESTA in writing, completing a *Change of member details* form available at **hesta.com.au/forms** or using Member Online.

Binding death benefit nominations (BDBN)

To provide greater certainty about who receives your benefit when you die, you can make a BDBN which binds the Trustee of HESTA to pay your benefit to the person(s) you choose (providing you are still a member of HESTA when you die).

To make a BDBN you must complete a *Binding death benefit* nomination form found at **hesta.com.au/bindingnom** or attached to this application.

9 Declaration and applicant's signature

Before you sign this application form, we are obliged to give you a Product Disclosure Statement (which is a summary of important information relating to HESTA Personal Super). This material will help you to understand the product and decide if it is appropriate for your needs.

Note: if you are under 18 years of age, a parent or guardian must also sign this form to enable your account to be created.

I have read and understood the Product Disclosure Statement to which this application was attached. I agree to accept the insurance cover as indicated in Part 6 and understand my cover will be maintained if I become inactive for 16 months. I can optout at anytime. I acknowledge that I have read and understood HESTA's Privacy Collection Statement and accept that the information requested on this form (unless otherwise stipulated) is required in order for HESTA's Trustee to accept my application for membership and for the ongoing administration of my membership by the fund administrator and other service providers. In consideration of my admission to membership, I agree to abide by and be bound by the provisions of the Trust Deed. I acknowledge I have read the duty of disclosure over the page and understand my obligations under the Insurance Contracts Act 1984.

I understand that once I submit my application, my membership with HESTA will commence on the date an amount is received on my behalf.

Your duty of disclosure

Please read the following information before you complete the insurance section of the New HESTA Personal Super member application form.

HESTA has taken out a contract of insurance with an insurer to provide the insurance benefits in the Fund. On becoming an insured member, you are bound by the terms and conditions of this contract of insurance. When you apply for insurance cover and before that cover is accepted by the insurer, you have a duty to tell the insurer anything that you know, or could reasonably be expected to know, that may affect the insurer's decision to provide the insurance and on what terms. You have this duty of disclosure until the insurance is provided. You have the same duty before you extend, vary or reinstate the contract.

You do not need to tell the insurer anything that:

- · reduces the risk of the insurance, or
- · is common knowledge, or
- the insurer knows or should know as an insurer, or
- the insurer waives the duty to tell the insurer about.

If you do not tell us something

If you do not tell the insurer anything that you know, or could reasonably be expected to know, that affects the insurer's decision to provide the insurance, then the insurer can exercise a number of remedies under the contract.

This means that it can do any one of the following things:

a) the insurer can treat your insurance cover as never having commenced. The insurer can do this if it becomes aware of something which you should have told them before entering into the contract and that fact would have meant that the insurer would not have agreed to provide insurance cover to you on any terms e.g. they would not have given you insurance even if you agreed to pay an extra premium, or

- b) the insurer can reduce the amount of insurance cover provided to you, or
- c) the insurer may choose to continue to provide you with insurance cover but change the basis upon which it provides that insurance to you (vary the contract). If the insurer chooses to do this, then it will do so by putting the insurer back in the same position it would have been in had you told the insurer everything you should have.

NOTE: The insurer can only exercise options a) and b) within 3 years of providing you with insurance cover. The insurer cannot exercise option c) if you are only insured for death insurance.

If the insurer chooses to do any one of a), b) or c) then the insurer may consider whether different types of cover can constitute separate contracts of life insurance. If the insurer can treat your cover separately, it can choose to apply any one of these options separately to each type of insurance. This means that if you are insured for death and TPD cover, the insurer may treat your TPD cover as never having commenced but allow your death insurance cover to continue.

If you fail to provide all the information which you are required to provide (your duty of disclosure) and the failure is fraudulent, then the insurer may refuse to pay a claim and treat your insurance cover as never having commenced.

Tax file numbers

Why we ask for your TFN

We are authorised to collect your tax file number (TFN) under the *Superannuation Industry (Supervision) Act 1993 (SIS)*. Supplying your TFN is voluntary and it is not an offence if you choose not to provide it.

We are required by law to take the necessary steps to properly safeguard your TFN, and our intention is to use it only for lawful superannuation purposes, including to facilitate the search for and consolidation of your superannuation accounts, by seeking information from the Australian Taxation Office (ATO) and/or a superannuation entity.* A record of your TFN will be made for ongoing taxation and superannuation purposes.

We may disclose your TFN to another superannuation provider if your benefits are transferred, unless you instruct us in writing not to disclose it to any other fund.

*Please note: Future legislation may result in changes to these purposes.

Why it's important to provide your TFN to us:

- HESTA will be able to accept all permitted types of contributions to your account,
- other than the tax that may ordinarily apply, you will not pay more tax than you need to — this affects both contributions to your superannuation and benefit payments when you start drawing down your superannuation benefits, and
- it will make it much easier to find different superannuation accounts in your name so that you receive all your superannuation benefits when you retire.

Dependants

Your dependants include:

- your spouse (which includes another person, whether
 of the same sex or a different sex, with whom you are
 in a relationship that is registered under a law of a state
 or territory, or a person who, although not legally
 married to you, lives with you on a genuine domestic basis in
 a relationship as a couple)
- your child (which includes an adopted child, a step-child, an ex-nuptial child, a child of your spouse or someone who is your child within the meaning of the Family Law Act 1975)
- a person who is wholly or partially financially dependent on you
- a person with whom you have an interdependency relationship.

For more information about dependants, see $\ensuremath{\textit{How super works}}$ at $\ensuremath{\textit{hesta.com.au/pds}}$

Things you need to consider when transferring your super

When you transfer your super, your entitlements under that fund may cease. You need to consider all relevant information before you make a decision to transfer your super. If you ask for information, your super provider must give it to you. Some of the points you may consider are:

- Differences in fees funds charge can have a significant effect on what you
 will have to retire on. For example, a 1% increase in fees may significantly
 reduce your final benefit.
- Death and disability benefits your FROM fund may insure you against death, illness or an accident which leaves you unable to return to work.
 If you choose to leave your current fund, you may lose any insurance entitlements you have. Other funds may not offer insurance or may require you to pass a medical examination before they cover you. When considering a new fund, you may wish to check the costs and amount of any cover offered.

What happens if I do not quote my tax file number (TFN)?

We are authorised to collect your tax file number (TFN) under the *Superannuation Industry (Supervision) Act 1993 (SIS)*. Supplying your TFN is voluntary, and it is not an offence if you choose not to provide it.

We are required by law to take the necessary steps to properly safeguard your TFN, and our intention is to use it only for lawful superannuation purposes, including to facilitate the search for and consolidation of your superannuation accounts, by seeking information from the Australian Taxation Office (ATO) and/or a superannuation entity.* A record of your TFN will be made for ongoing taxation and superannuation purposes.

We may disclose your TFN to another superannuation provider if your benefits are transferred, unless you instruct us in writing not to disclose it to any other fund.

*Please note: Future legislation may result in changes to these purposes.

Why should I provide my TFN?

- HESTA will be able to accept all permitted types of contributions to your account,
- other than the tax that may ordinarily apply, you
 will not pay more tax than you need to this affects
 both contributions to your superannuation and
 benefit payments when you start drawing down your
 superannuation benefits, and
- it will make it much easier to find different superannuation accounts in your name so that you receive all your superannuation benefits when you retire.

Have you changed your name or are you signing on behalf of another person?

If you have changed your name or are signing on behalf of the applicant, you will need to provide a certified linking document. A linking document is a document that proves a relationship exists between two (or more) names. The following table contains information about suitable linking documents.

Purpose	Suitable linking documents
