1. About Simple Super and Tailored Super

If you're like most of us, you'll want a super fund that's easy to take with you. Simple Super and Tailored Super is designed to provide you with comprehensive super benefits for your retirement and insurance for you and your family's peace of mind. It's also an employer-sponsored solution for employers who want to make super contributions for their employees.

When it comes to investing your super you can choose from our range of investment portfolios. If you do not choose an investment portfolio, you will be invested in the AMP SDF MySuper investment portfolio. The AMP SDF MySuper investment portfolio uses an approach to investing that continuously evolves to suit the risk profile of members in different age brackets.

Investments that grow with you

You can select from a range of investments, from basic low-cost options to leading edge investments, including a MySuper solution. Go to amp.com.au/sssts to view the product dashboard for AMP SDF MySuper.

Insurance options you can tailor as your life and needs change

As your life changes, your insurance needs may differ over time. Our insurance cover lets you apply for more or less cover as you need it.

Connect your way with online and mobile access

With My AMP and our mobile apps you can keep an eye on your account and review your AMP investments whenever you want.

Simple Super and Tailored Super is part of a super fund known as the Super Directions Fund (the fund) (ABN 78 421 957 449). N.M. Superannuation Proprietary Limited (N.M. Super) ABN 31 008 428 322 is the trustee of the fund and is referred to as 'trustee', 'we', 'us' or 'our' in this PDS. Information about the fund and the trustee, including its executive officers, can be found at amp.com.au/trusteedetails.

2. How super works

Super is, in part compulsory, and is an effective way to save for retirement with tax savings provided by the government. You can generally choose your own fund or simply use the fund your employer has set up for you. There are different types of contributions available to help you save for your retirement including Super Guarantee (SG), salary sacrifice and personal contributions. You may also be able to claim a tax deduction for personal contributions. There are limits on the amount you can contribute to super, known as contribution caps. Go to amp.com.au/growyoursuper for more information.

You can start partially accessing your super once you reach your preservation age by commencing a transition to retirement allocated pension. Once you reach preservation age and retire, or you meet another condition of release, you can generally access your entire account by either making withdrawals or commencing a retirement allocated pension. Once you turn 60 both partial and full withdrawals are tax-free. Go to amp.com.au/ttr to learn more, or talk to your financial adviser.

You should read the important information about how super works before making a decision. Go to the **additional information** document at amp.com.au/ssts. The material relating to how super works may change between the time when you read this Statement and the day when you acquire the product.

3. Benefits of investing with Simple Super and Tailored Super

Simple Super and Tailored Super gives you flexibility with access to a range of features.

Investment choice

Simple Super and Tailored Super caters for a wide variety of investment styles, with access to a MySuper option, as well as a range of multi-sector and single-sector investment options.

Insurance options to look after you and your family

Insurance cover helps to financially protect you and your family. Premiums are deducted from your super account, making it a convenient and possibly more tax-effective option for you.

Nominate your beneficiaries

You can nominate one or more of your dependants or your legal personal representative to receive your super and any insured death benefit. See the **additional information** document for the beneficiary nominations available to you.

The fees, charges and certain other conditions of membership generally change when you leave your employer.

You should read the important information about the benefits of investing with Simple Super and Tailored Super before making a decision. Go to the **additional information** document available at amp.com.au/ssts for further information.

The material relating to the benefits of investing with Simple Super and Tailored Super may change between the time when you read this Statement and the day when you acquire the product.

4. Risks of super

All investments have risks so here are a few things you need to know before investing:

- All markets go up and down, causing asset values to vary. The extent to which markets move up and down is called volatility. In general, asset classes with a higher potential return also have a higher level of risk.
- There are no guarantees in investing. Every market and investment strategy carries different risks. The level of risk can vary depending on the assets that make up the strategy. You may lose some of your money at different points in time.
- History has shown that investments with the best long-term returns, like shares and property, also show the most short-term volatility and risk.
- Your returns may be less than inflation.
- Past performance of an investment is no guide to the future performance and returns will vary.
- Super and tax laws may change.
- Your super savings and returns might still not be enough to give you the retirement you want.

How much risk?

How much risk you choose to take on will depend on:

- your age
- your investment timeframe
- how your other investments are going, and
- how comfortable you are with taking risk.

You should read the important information about the risks of investing before making a decision. Go to the **additional information** document available at amp.com.au/ssts.

The material relating to the risks of investing may change between the time when you read this Statement and the day when you acquire the product.

5. How we invest your money

When choosing your investment strategy, you should consider the likely investment returns, the risks involved and your investment timeframe.

You can choose to invest in up to 5 investment options from a range, including a MySuper investment option, and various multi-sector and single-sector options managed by leading Australian and international fund managers.

If you don't choose your own investment option, we'll invest your super in the AMP SDF MySuper investment option. You can choose to invest in the AMP SDF MySuper, or other investment options or a combination of both.

For more information on all of the investment options go to the **additional information** document.

The trustee regularly reviews the investment options and may add new options, remove existing options or alter the options from time to time without prior notice.

Switching is easy

It's easy to change your investment options as life changes. Login to My AMP at amp.com.au or via the My AMP app to review or switch your investments. You can do this any time and you won't be charged any switching fees.

AMP SDF MySuper investment portfolio – a Lifecycle solution

The AMP SDF MySuper investment option takes the hard work out of deciding how to invest your super, by providing the simplicity of a single investment option tailored for your age group. During your younger years the investment strategy seeks higher returns through greater exposure to growth assets such as shares. As you approach retirement, the investment aim is to reduce risk and preserve capital, so the asset allocation mix shifts to more stable defensive assets. This option is suitable for members who do not want to actively choose an investment mix and who are seeking to grow their super.

AMP SDF MySuper Investment Portfolio	Aim and Strategy	Investment Objective ⁽ⁱ⁾	Growth/Defensive Asset Ranges ⁽ⁱⁱ⁾	Standard Risk Measure ⁽ⁱⁱⁱ⁾	Suggested Minimum investment timeframe ^(iv)
AMP SDF MySuper 1990s	To provide long-term returns primarily from capital growth but also with some income, through a diversified portfolio. Initially, this investment option will hold a higher allocation to growth assets. As its investors approach retirement, the investment option will progressively shift, increasing the weight to defensive assets to preserve capital. (i) The rate of return that this investment option aims to achieve after fees and superannuation tax.

(ii) Growth assets include shares and property. Defensive assets include cash and fixed interest investments. For more details of asset classes, including the current benchmark allocations, go to the **additional information** document.

(iii) This is based on industry guidance to allow investors to compare investment options that are expected to deliver a similar number of negative annual returns over any 20 year period. For more information go to the **additional information** document.

(iv) Provides a guide to the number of years an investor should be prepared to invest in order to meet the objectives of the investment. Changing market conditions can also extend the suggested minimum timeframe.

Choice investment options

The Choice investment options include single and multi-sector options (with access to active and passive investment approaches).

You can find more information about the Choice investment portfolios in the **additional information** document.

You should read the important information about how we invest your money before making a decision. Go to the **additional information** document available at amp.com.au/ssts.

The material relating to how we invest your money may change between the time when you read this Statement and the day when you acquire the product.

6. Fees and costs

DID YOU KNOW?

Small differences in both investment performance and fees and costs can have a substantial impact on your long term returns.

For example, total annual fees and costs of 2% of your account balance rather than 1% could reduce your final return by up to 20% over a 30 year period (for example, reduce it from \$100,000 to \$80,000).

You should consider whether features such as superior investment performance or the provision of better member services justify higher fees and costs.

You or your employer, as applicable, may be able to negotiate to pay lower fees. Ask the fund or your financial adviser.

TO FIND OUT MORE

If you would like to find out more, or see the impact of the fees based on your own circumstances, the **Australian Securities and Investments Commission (ASIC)** website (www.moneysmart.gov.au) has a superannuation calculator to help you check out different fee options.

This table shows fees and other costs that you may be charged for the AMP SDF MySuper investment portfolio. These fees and other costs may be deducted from your money, from the returns on your investment or from the assets of the superannuation fund as a whole. You can use the information in this table to compare the costs between different superannuation products.

The fees and other costs for Choice investment portfolios offered in this super product are set out in the **additional information** document.

AMP SDF MySuper				
Type of fee	Amount			How and when paid
Investment fee ⁽ⁱ⁾	0.32% pa			The MySuper investment fee is deducted daily from the assets of the MySuper investment portfolio and reflected in the unit price.
Administration fee ⁽ⁱ⁾	0.29% pa			The MySuper administration fee is deducted daily from the assets of the investment portfolio and reflected in the unit price.
	Plus \$7.57 per month. This fee may be indexed on 1 July each year in line with the Consumer Price Index.			The MySuper member fee is deducted directly from your account each month.
Buy-sell spread	MySuper investment portfolio	Buy margin %⁽ⁱⁱ⁾	Sell margin %⁽ⁱⁱ⁾	Buy and sell margins⁽ⁱⁱ⁾ are an additional cost reflected in the calculation of the daily buy and daily sell unit prices of an investment portfolio. As your portfolio is valued using the sell unit price, all contributions and rollovers made into your portfolio will be reduced by the total of the buy and sell margin at the time of the transaction. You will also incur a cost or benefit across the whole investment portfolio if the sell margin is increased or decreased at any point in time.

- (i) If your account balance for a product offered by the superannuation entity is less than \$6,000 at the end of the entity's income year (30 June for all AMP superannuation funds), the total combined amount of administration fees, investment fees and indirect costs charged to you is capped at 3% of the account balance. Any amount charged in excess of that cap must be refunded.
- (ii) Refer to the **additional explanation of fees and costs** in the **additional information** document for more information.
- (iii) **Buy and sell margins** are based on the latest information available to us at the date of this document. They can change at any time and may be more than the amounts shown.
- (iv) **Buy and sell margins** will apply on any switches or withdrawals.
- (v) Costs are variable and may be more or less than the estimated amounts shown which are based on the known actual or estimated costs incurred for the last financial year. Past costs are not a reliable indicator of future costs.

For fee definitions and full details of the fees and costs that apply, take a look at the **additional information** document at amp.com.au/ssts or talk to your financial adviser.

Changing the fees

We can change fees at any time without your consent. We'll notify you at least 30 days before we increase fees (other than indexation increases described in the table above). For more information about fee changes, refer to the **additional information** document.

Example of annual fees and costs

This table gives an example of how the fees and costs for the AMP SDF MySuper 1970s investment portfolio for this superannuation product can affect your superannuation investment over a one-year period. You should use this table to compare this superannuation product with other superannuation products.

Example – AMP SDF MySuper 1970s Balance of \$50,000 investment portfolio

Investment fees	0.32% pa	For every \$50,000 you have in the superannuation product you will be charged \$160.00 each year.
Plus Administration fees	0.29% pa + \$90.84 (\$7.57 per month)	And , for every \$50,000 you will be charged administration fees of \$145.00 plus \$90.84 regardless of your balance.

Example – AMP SDF MySuper 1970s Balance of \$50,000 investment portfolio

Plus Indirect costs for the superannuation product	0.40% pa	And , indirect costs of \$200.00 each year will be deducted from your investment.
Equals Cost of product		If your balance was \$50,000, then for that year you will be charged fees of \$595.84⁽ⁱ⁾⁽ⁱⁱ⁾ for the superannuation product.

- (i) Additional fees may apply.
- (ii) The amount you actually may be reduced by up to 15% to allow for the benefit of any tax deductions passed on to you.
- This example is illustrative only. What it costs you will depend on your individual investments.

Please note: You may have to pay additional fees to your financial adviser if you consult one. Please refer to the statement of advice you will be given by your financial adviser.

The fees, charges and certain other conditions of membership generally change when you leave your employer.

You should read the important information about fees and other costs before making a decision. Go to the **additional information** document available at amp.com.au/ssts for further information.

The material relating to fees and other costs may change between the time when you read this Statement and the day when you acquire the product.

7. How super is taxed

Super offers tax benefits to encourage you to save for retirement. Your super is usually taxed:

- when adding to your super (ie a contribution or a rollover of an untaxed amount)
- earnings on your super, and
- when money is withdrawn from super.

Tax on amounts added to your super

Amount type	Tax
Concessional contributions	
Employer contributions	These include contributions made with pre-tax income such as SG and salary sacrifice contributions. These contributions are generally taxed at up to 15% ⁽ⁱ⁾ . You can contribute up to your concessional contributions cap, before additional penalty tax applies ⁽ⁱⁱ⁾ .
Post-tax contributions, for which a tax deduction is claimed	These are personal contributions for which a personal tax deduction is claimed and are generally taxed in the same way as employer contributions.
Non-concessional contributions	
Post-tax contributions, for which no tax deduction is claimed	These are personal, after-tax contributions (no tax deduction claimed), which are not taxed when made if you do not exceed your non-concessional contributions cap ⁽ⁱⁱⁱ⁾ .
Rollovers	
Rollovers of money from other funds	Rollovers are not subject to tax on receipt, unless they contain an untaxed component. Untaxed components are subject to 15% tax.

- (i) If you are a high income earner, you may be liable to pay an additional 15% tax on certain contributions. The Australian Tax Office (ATO) will notify you after the end of the financial year if this tax applies to you.
- (ii) The annual concessional contributions cap is indexed. To assess your eligibility to make concessional contributions, you should check the current cap rules at ato.gov.au.
- (iii) The annual non-concessional contributions cap is indexed. To assess your eligibility to make non-concessional contributions, check the current cap rules at ato.gov.au.

Contributions tax may be reduced by tax offsets and deductions (for items such as insurance premiums) which are available to the fund. Contributions tax is paid to the ATO monthly. We deduct the amounts from your account either at the time of contribution or quarterly, depending on the type of contribution or whether your account is closed. This frequency might change to monthly to match payments to the ATO. This is subject to the provision of your tax file number (TFN).

Tax above the caps (excess contributions)

If you contribute more than your concessional contributions cap, you will be subject to tax on the excess contributions at your marginal tax rate (plus Medicare levy less a 15% tax offset) plus an interest charge levied by the ATO.

If you exceed your non-concessional contributions cap, you can choose to withdraw the excess amount, plus associated earnings, and pay tax on the earnings at your marginal tax rate plus Medicare Levy. If you leave your excess contributions in your super account, the excess will be taxed at the highest marginal tax rate plus the Medicare Levy.

Tip: Keep an eye on contributions to all your super funds to avoid contributing above the caps. It's your responsibility to make sure you do not exceed your caps.

Tax on earnings

Investment earnings on your Simple Super and Tailored Super account are taxed up to 15%. This tax is deducted before the investment return is declared.

Tax on withdrawals

How your benefit is taxed will depend on your age, how you take your benefit and the different tax components, some of which will be tax-free and some taxable.

A cap of \$1.6 million (indexed) will apply on the total amount of superannuation that you can transfer to retirement pension phase accounts (where investment earnings continue to be tax exempt), known as the pension transfer balance cap.

The good news is there's no tax on withdrawals paid directly to you (as a pension payment or lump sum) if you are aged 60 or over.

The amount of tax payable on the **tax-free and taxable components** are outlined below:

Age	Lump sums	Income payments
Tax-free component	Tax-free	Tax-free
Taxable component (taxed element)		
Age 60 and over	Tax-free and payout is not included in assessable income.	Tax-free
Preservation age to 59	Tax-free up to the low rate cap amount ⁽ⁱ⁾ , then taxed at 15% (plus Medicare levy).	Taxed at your marginal tax rate less a 15% tax offset.
Below preservation age	Taxed at 20% (plus Medicare levy).	Taxed at your marginal tax rate with no tax offset.
Early release payments	Each early release case, including payments received due to disability or death, may have their own conditions and tax treatment	

- (i) The low rate cap amount is indexed. Check the current cap amount at ato.gov.au.

You should read the important information about how super is taxed before making a decision. Go to the **additional information** document available at amp.com.au/ssts.

The material relating to how super is taxed may change between the time when you read this Statement and the day when you acquire the product.

Providing your tax file number (TFN)

When you join Simple Super and Tailored Super you should consider providing us with your tax file number (TFN). If we don't have your TFN, we have to deduct more tax from your super and reject certain types of contributions.

By providing us with your TFN, you'll only get taxed at super's tax-effective rates. Your TFN can also help us track down any super you've lost track of, and allow us to accept after-tax contributions.

Tip: Check your statement or call us to see if we have your TFN. If we don't, you should consider providing us with your TFN to avoid paying extra tax.

8. Insurance in your super

Accessing insurance through your super is generally a tax-effective way to cover you and your loved ones.

Types of insurance cover

The details of cover below are a general guide only. Refer to your **welcome letter** and the **additional information** document for the insurance terms that apply to you.

The type and amount of insurance cover we provide will depend on a range of factors including the category of membership you join in your employer's plan and your employment status.

The following is a summary of the insurance options available through Simple Super and Tailored Super.

Type of tax	Description ⁽ⁱ⁾	Sum insured
Death	Pays a lump-sum amount in addition to your super account balance if you die. Death cover automatically includes Terminal Illness cover. See the additional information document for the definition of Death and Terminal illness.	Sum insured will be based on the formula chosen by your employer for your category in the plan.
Total and Permanent Disablement (TPD)	Pays a lump-sum amount if you become totally and permanently disabled (TPD). See the definition of TPD in your additional information document.	Sum insured will be based on the formula chosen by your employer for your category in the plan.
Total but Temporary Disablement (TTD)	Pays a monthly amount as an income replacement if you become totally disabled. See the definition of Totally Disabled in your additional information document.	Sum insured will be based on the formula chosen by your employer for your category in the plan.

(i) Refer to the additional information document and your welcome letter for the definitions and details about the type of cover and amount available to you.

Cover can be provided as units of cover scale (a table of benefits that changes according to your age), a nominated amount or a benefit formula. Insurance cover is offered by the Insurer, AMP Life Limited ABN 84 079 300 379 (AMP Life), under a policy issued to the Trustee. Any cover is subject to the terms of the policy.

Insurance for employee members

Your plan and membership includes default insurance cover. This cover will apply to you automatically if you meet the eligibility criteria. The amount of cover provided is shown in your welcome letter and is based on information provided by your employer. The amount of cover may change on your plan's annual review.

Please note: The following may affect your entitlement to insurance cover, please read the **additional information** document before deciding whether the insurance is appropriate:

- the level and type of insurance cover available
- the range of costs of insurance depending on a person's circumstances
- eligibility for and cancellation of insurance cover
- insurance conditions and exclusions, and
- for employee members, what happens when you leave your employer.

You should read the important information about insurance in your super before making a decision. Go to the **additional information** document available at amp.com.au/ssts.

The material relating to insurance in your super may change between the time when you read this Statement and the day when you acquire the product.

Insurance premiums for employee members

There are costs associated with insurance cover in the form of insurance premiums. The actual cost of your insurance cover in dollars (your insurance premium) will be shown in the **welcome letter**. We'll deduct premiums from your account at the end of every month, unless your employer has agreed to pay your premiums. You can cancel your insurance cover at any time by writing to us or calling us on 131 267.

For Simple Super

Units of cover: If you are provided with units of cover for Death only or Death and TPD, your insurance premiums are either \$1 or \$2 per week.

All other benefit formulas: If you are provided with Death only or Death and TPD, the insurance premium is dependent on:

- your age, and
- your smoking status declaration. You are charged composite premium rates until we receive a smoking status declaration from you.

For Tailored Super

Units of cover: If you are provided with units of cover for Death only or Death and TPD, your insurance premiums are based on a rate of \$1 or \$2 per week, adjusted for your occupation.

All other benefit formulas: If you are provided with Death only or Death and TPD, the insurance premium is dependent on:

- your age, and
- your occupation.

Please note: Large amounts of insurance cover may erode retirement income. Please consult your financial adviser for advice on what level of insurance cover is appropriate for your needs.

Tip: For an insurance quote, please contact us on **131 267**.

Change of insurance cover

You may be able to change (increase or decrease) your insurance cover or apply for insurance cover if it wasn't provided for you.

To apply for cover or to increase your existing cover, please contact us to obtain the applicable form. In most cases, you'll need to provide details of your health and circumstances.

If your application for insurance or additional insurance cover is accepted, a higher premium may be payable, or it may be subject to one or more exclusions. If additional cover is declined based on the health evidence, any default insurance already provided will not be affected.

Cancelling your insurance cover

If you choose to cancel cover, you can do so by writing or calling us. The effective date for cancellation of cover is the date we receive your request to cancel.

We suggest you read the PDS and consult a financial adviser before deciding to change or cancel your insurance cover.

Please note: Unless you cancel your insurance cover, the cost of your insurance cover (your insurance premium) will be deducted from your account at the end of each month (or paid by your employer if applicable).

9. How to open an account

Employee members

Your account is opened when your employer nominates you to join their employer plan.

Cooling-off period

Cooling-off rights do not apply to employer supported members of Simple Super and Tailored Super.
